REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-14 are allowable because none of the prior art of record suggests at least a rod for securing the lighting system to each inner side wall surface of such fireplace, the bracket member disposed intermediate the first end and the second end of the rod.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings filed October 11, 2001 are informal, including uneven lines. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alan Carias whose telephone number is (571) 272-2366. The examiner can normally be reached on 9-5:30 M-F.
